THIRD MARKET AN AUDITORIUN

Definite Movement on Foot Thus to Provide Temporary Convention Hall.

UMLAUF ORDINANCE AGAIN

Likely That Proposed Measure Will Be Presented and Favorably Acted Upon.

Whether the City Council shall finally adopt Mayor McCarthy's proposition, which was turned down in the Board of Aldermen Tuesday night, or whether the third market shall be converted into an auditorium, it is a fact, agreed to by all, that such an institution has come now to be a public necessity, and speedy action looking to its establishment is expected. Hefore his honor recommended the energed scheme, he had for more than a year advocated through messages to the Council and otherwise, the converting of the Third Market House, now abandoned as a market, into an auditorium. The matter was looked into several times, but no definite action was taken. A committee of the Council, in company with Mayor McCarthy and Messra. Noland and Baskervill, architects, visited the building some months ago, and looked it over. that such an institution has come now to

the building some months while built for a market, it could yet, with the expenditure of a good deal of money, be made to answer fairly well for a public hall and auditorium. Being at the corner of Cherry and Cary Streets, the building is

Bring It Up Again.

Mr. Unlauf offered an ordinance in the lower branch of the Council some time ago, providing that the Third Market building be converted into a public auditorium, but the Council rejected it and adopted the Mayor's suggestion for a id anopted the anyon's suggestion with an angle with a first surface and will probably o enacted into law at an early date, and ork started along the line of changing to building so as to conform to the eds of a public hall.

the building so as to conform to the needs of a public hall.

Some of the most influential members of both branches of the Council are heartly in favor of the scheme, and it has the hearty endorsement of the Mayor, since his other proposition has failed in the Board.

"I think it is about time we should do something along this line," said the Mayor hast night.

We are inviting convention after convention to meet here next year, and many of them have already accepted. I have no doubt others will come, owing largely to the fact that the Jamestown 1807 Welve largely to the best of the second of the sec

got to have somewhere for these people to meet—that's all.

"I believe the city will make proper provision, and if we can do no better, I am heartlly in favor of going to work as soon as is practicable to convert the Third Market, already owned by the city, into an auditorium."

It is not believed there will be much trouble to get the matter through the Council. Mr. Umlauf will probably reintroduce and fight for it in the lower branch, widle Alderman Dabney and others in the Board are ready to take it up and push it through.

It looks now as if the Council will determine to convert the Third Market into an auditorium, and that it will be ready for use at no distant day.

It is said that the 'Liird Market can be arranged so as to seat 5,000 people.

The idea to provide a temporary auditorium there is popular, for the reason that the proposed Battle Abbey is to contain a handsome hall, adequate for the needs of the largest conventions.

ORIGINAL COUNT

board. This vote came from the extra ticket which this committee counted for ildermen, but not for councilmen, it hav-ing been improperly marked as to the latter. Mr. Adams, for the board, got the same vote on the recount as was given him originally, as did Messrs. Gates, Sanford and Wiltshire, for the council. Messrs. Atkinson, Hord, Lynch, Mills, Phillips and Selph each gained one vote on the recount. ard. This vote came from the extra n the recount.

It is impossible to predict what will be the outcome of Friday night's meeting, but many members could not reconcile

the fact that so many more voters swore they had voted for Mr. Selph than votes were credited to him. The fight is not yet over, and much was said about probable court proceed-ings one way or another last night.

Large Attendance.

Chairman Doherty called to order at 8:20 o'clock, and thirty-one of the thirty-five members answered to their names. Mr. Selph, when called upon, laid thirty-three affidavits before the committee, from as many voters in First Jefferson Ward, who swore that they voted for him for councilman in the recent primary. The contestant said he cared uptiling necessarily about going to the him for councilman in the recent primary. The contestant said he cared nothing personally about going to the Council, but that his people had urged him to make the fight. He believed he was on the right line and was sure he had secured more votes than were credited to him.

He referred confidently to his affidavits and thought they were material evidence. Mr. Selph also presented twenty affidavits for Mr. Noble and twenty-five for Mr. Phillips. The form of affidavit used follows:

Mr. Phillips. The form of affidavit used follows:

J. W. D. Gay, a notary public for the city of Richmond, the State of Virginia, do certify that on this day personally appeared before me, in my city aforesaid, and being by me duly sworn, each affiant made oath that he is a legal voter in the First Precinct of Jeffrson Wurd, in the city of Richmond, Va.; that each affiant made oath that he voted in said precinct in the primary election held in the city of Richmond, Va., on the 20th day of April, 1906; and that each affiant made oath that he voted for—, who was a candidate for—for Jefferson Ward, in the said precinct in the said primary election.

Given under my hand this 8th day of May, 1995.

renewed the motion made picton, renewed the motion made earlier the largest conventions.

I COUNT

testees and this was adopted. But Slight Changes,

But Slight Changes,

The seals on the trunk were examined by Messrs. Duke, Boykin, Taylor and Phillips, and they were found to be intact. The trunk was then opened.

Arr. Thomason broke the seal on the ballots were counted. The return showed that one hundred and ten ballots were counted and nine votes had been cust and one hundred and ten ballots were found in the box, but one ballot contained six names for Common Council. This was thrown out as to councilmen and made the ballots in the box tally with the return made by the officers.

Here are the comparative figures for each candidate on the original return and recount, respectively:

Original Return-Aldermen, Adams, 102; Noble, 13; Turpin, 103. Council, Atkinson, 92; Gates, 90; Hord, 13; Langford, 10; Lynch, 101; Mills, 99; Phillips, 23; Selph, 13; Wittshire, 93.

Recount-Aldermen, Adams, 102; Noble, 14; Turpin, 104. Council, Atkinson, 93; Gates, 90; Hord, 14; Langford, 10; Lynch, 102; Mills, 100; Phillips, 24; Selph, 19; Wiltshire, 93.

Committee's Report.

Committee's Report.

It was 10 o'clock when the recount was finished and Chairman Thomason reported. The details of his report are fully set out above, and with the explanation concerning the extra ballot found in the box, the fully was practically that of the election officers.

Mr. W. A. Evans reported that the nilidavits had been compared with the poil books and that all the affiants appeared to have voted save August Brondard Thomas H. Saunders, for Mr. Selph, and Thomas H. Saunders, for Mr. Noble. Their names did not appear.

and Thomas H. Sanniers, or a Nobel.
Their names did not appear.
Both reports were received and adopted.
Mr. Phillips thought if persons gave affidavits that they had voted for certain candidates in elections, and their names could not be found an the books, they were guilty of perjury, and should be punished.

they were suitly of perfect, the second of t

His witness, Whitlock, had told him that one ballot was thrown out and auother drawn. Mr. Jacob Cohn appeared as she friend of the election officers and spoke briefly, but with much emphasis. He said he was born in "Pleasant Valley" and knew the people there. He knew, two, how easy it was to get affidavits. Mr. Cohn asserted that the men who had signed affidavits and had not voted acording to the books, had committed subcreation of perjury. He challenged some of Mr. Phillips's alleged statements, and denounced Whitlock's alleged statement about the drawing of the ballot. He said there were many bar-keepers on the list of affiants and he named some of them, declaring that men would more easily sign papers when freely patronized.

Mr. Manning moved the appointment

patronized.

Mr. Manning moved the appointment of a committee of five to take all the papers, hear both sides and report later to the full committee. This was opposed by Mr. Duke, who said the committee had performed its duty, and should proceed to declare the result of its findings.

Both Sides Argued.

Mr. Welsh wanted to hold another pri-mary in this precinct next Wednesday. and he made a ringing speech in favor of allowing the voters to settle the matand he made a ringing speech in favor of allowing the voters to settle the matter. Mr. McGuire expressed the view that something was wrong and that the committee should not pass lightly over the case. He offered the substitute, which is printed elsewhere, and which was finally adopted by a vote of 16 to 15. Mr. Duke spoke again prior to the adoption of Mr. McGuire's resolution, and said no semblance of fraud had been proven before the committee. He did not believe any more evidence could be secured, and the thought the issue should be met now. Mr. Welsh was of opinion that there was an error some where. The count was all right, but the affidavits showed irregularities plainly to his mind.

Mr. Bowman spoke for clean methods, and said if the committee did not act in such cases the people would act for the committee. Chairman Doberty wanted a full hear-

committee.
Chairman Doherty wanted a full hearing, and he spoke incidentally for the
McGuire resolution.
It was nearly midnight when the com-

ALUMNI HOLD ANNUAL BANQUET

ginia if she makes me her next execu

Governor Swanson's subject was "The South and Its Future," and he delivered an able address. In opening he said: "I am glad that Mr. Bryan recalled that

am grad that Mr. Byan received that conversation.

At that time we were both trying to tell each other how to run the other's business, but we finally and wisely concluded that each person knows his own business better than he does other people's

on the speaker, "but like the pig at the trough, when I once get there, it is hard to pull me away. The university has done more than any other college in giving the government its present form and shape. It was the beacon light of the old South and now loads the way to the new by its teachings."

After picturing in eloquent language the struggles of the South since the war, the Governor said in part:

The people of the South, having successfully worked out their political salvation, at once with force and energy commenced their industrial development. Their achievements in this direction for the last twenty years are without a par-

the last twenty years are without a par mance than a history. Compare the cen-sus of 1880 and 1900, and the progress of sus of 1880 and 1990, and the progress of the South in all directions is amazing and wonderful. In twenty years the population increased over four millions. In twenty years its cotton crop increased from five to ten million bales annually, the South furnishing the world more than three-fourths of its entire supply. Cotton is again king, and the world depends upon the white fields of the South for its comfort and clothing. In its early fruit, vegetables, trucking and its cotton seed, the South has found new sources of wealth, which yield it \$200. ources of wealth, which yield it \$200, sources of weath, which year it e-vol-000,000 yearly. In twenty years the value of the entire agricultural products of the South has more than doubled. Each suc-ceeding year shows greater increases in all directions.

Has Made Wonderful Progress.

Passessed of an even rainfall, a fine climate and splendld soil, the agricultural capabilities of the South are such that she will ultimately duplicate that of the rest of the United States, This is not a wild dream when we reflect upon the rapid increases at present and the fur-

Forst-mann. or fact that the South has a monopoly the phosphate rock, the foundation of fertilizing business, and consequently scientific and successful farming, as great and rapid as has been the cross of the South in agriculture, yet

ing towns and cities, and create for us untold wealth and power. Our great increase in manufacturing has not been confined to cotton goods. We have demonstrated that Iron can be produced in Virginia and Alabama, cheaper than any place else in the world. We have become large producers and exporters of this valuable metal. All the various products of ton and steel are now being ducts of from and steel are now being successfully manufactured in the South. In time the from and steel industries of the South will jival, those of any section or country.

Unrivaled and Unequaled.

"Sirs, the forces of commerce and man-uracture make, and unmake, the empires of the earth. With the changing currents ufacture make, and immake, the empires of the earth. With the changing currents of trade and commerce, nations arise and nations decay. I firmly believe that the great industrial and commercial forces at present actively at work in the South, is destined to make it the richest and most famed portion of the globe. I believe the splendors and glories of the new South, when it attains its full fruitage, will be unequaled and unrivaled. The question naturally presents itself: Why have the Southern people excelled others, and how have they been able to accomplish so much? To what do we owe lit? Chiefiy to the virtues of the great race from which we are descended, and whose blood flows through our being. No people have ever accomplished much in the world, nor built institutions that have lasted, who were not noted for some special distinctive virtues. The Anglo-Saxon race, from which we are descended, has ever maintained that the highest jewel that can decorate a woman, is purter.

the Anglo-Saxon race.
Pure womanhood and brave manhood have been the propelling forces that have civilized this race, pushed it on, and made it the coming and conquering race of the

Purest Anglo-Saxon Blood.

Purest Anglo-Saxon Blood.

Southern tates. Here the two Anilo-Saxon virtues attain to perfection, and Southern greatness has been built upon pure woanhood and brave manhood. Through weal or woe; to whatever trials or trouble it may bring us, we will keep this strain of Anglo-Saxon, blood pure and untainted, and cherish the virtues of our race, which constitute the source of our greatness. Young gentlemen of the South, we are possessed of a priceless heritage. We are the best and fairest portion of the greatness and the greatness of the constitute the source of this union. All sections are now engaged in generous and patriotic rivalry for growth and development in order to add to its greatness and the greatness-of-our common country. Our ambition should be that in the future, as in the past, the brightest ewel in America's crown of glory shall be the South. The future of the South is in our hands. Her past is safe and secure needing neither defense nor aid from us or others. Her future is assured if our wisdom and enterprise will only be commensurate with our opportunities and advantages.

Insist on Our Share.

Insist on Our Share.

Insist on Our Share.

Our political policies should be adopted to suit our new conditions and new needs. Government should be administered so as to ald business enterprise and activity, and not to retard them. Capital should be invited to come here for proflubla investments, and treated fairly, and made secure when it comes. We should insist that our representatives in Congress secure for the South equal and fair treatment, and its just part of Federal aid and favors. We should regulate the railroad and transportation lines so as to make the internal conditions. tion lines so as to make them aid in the agricultural, industrial and commercial development of our sec-

We should take an active interest in political affairs, and see that government is honestly and patriotically administered. In this commercial age, and with the great material wealth which awaits us, let us still cling to the lofty traditions and high ideals of the old South. In this age of fashionable skepticism and doubts, let us still adhere to the simple, trusting, Christian faiths and beliefs of our fathers, which were their guidance of our fathers, which were their guarance in power and their soluce in sorrow. Let us not be content with our present achievements, but let our success but serve to furnish a stimulus to still greater aspiration and accomplishment.

Rabbi Calisch Speaks.

With appropriate remarks, Mr. Broyan introduced Rev. E. N. Callsh, who spoke or "The influence of the University of Virginia.

The University has not only given us, "The University has not only given us," said Dr. Calish, "the ex-governor and present governor, but it has likewise given the State two other most potential governors in, Virginia, Considering its equipment, the University has been more successful than any other in the United States. Its honor system has been the executed to moral feature. It has made greatest of moral factors. It has made the student a better man than he would have been under other circumstances. Its system of Democracy has brought out

have been under other circumstutes. Its system of Democracy has brought out the youth's peculiar native talent.

"It's motto is, "Lt the man who has earned it bear away the palm.

"The University has welded together the broad reaches of our land into one unit, which, please God, shall never die.

"The unique position of the University slit teachers that there is simething better than commercial triumph. It has taught not to merely win bread and butter, but to make one's aspirations higher and nobler, and that there is a keener zest in life than acquisition."

Rabbi Callsch went on to say that the architecture of the University is more diving than human. The buildings are in harmony with nature, and their beauty is unsurpassed.

The message of this seat of learing is "life is more than meat, and body more

"life is more than meat, and body more than ralment." The student can look back at the old university and see a spirit high and noble that guided him

Response of the Mayor.

Response of the Mayor,
Mayor Carlton McCarthy was the Part
to speak. His address was very humorous and kept the gathering in an uproar
of laughter. He said in part that the
old college never should form a union
for mutual protection against the ignorant. "But in spite of the almost universal prejudice against college men, I
think they are able to do well," said the
Mayor, "and we should get ingether like
this more often to express our appreciation of the face.

We should also band together to aid
starving professors. There is an advan-

tage, however, in being learned. When you get humsty you can feast on your knowledge.

Mayor McCarthy finished in a serious tone, and said that the greatest way of bringing wealth into a country was by fostering education. The future of this country depends upon the intellectuality and morality of men who lead.

Professor James Morris Page, of the University of Virginia, and secretary of the Alumni Association, was the next speaker. On behalf of Dr. Aldorman and faculty he extended hearty thanks to the Richmond Mayor for the aid given at the last meeting of the Legislature.

He went on to speak of the effort to bring about a reunion of alumni at the University on June 12th, and said that many had promised to come from all over the United States. At this meeting there, was much important work to be accomplished.

This year the University has broke the record in attendance again. Next year the instructors were to be increased 25 per cent.

"We are going to make a modern college," said Dr. Page. He went on to tell of new plans for giving degrees and flxing classes.

The banquet continued into the small hours of the morning. During the evering all the old songs and yells were repeatedly given.

AS PASSENGERS LEAVE SHIP GOES TO BOTTOM

(By Associated Press.)

NEW YORK, May 10.—The big double-decked ferrybont Baltimore, of the Pennsylvania Rallroad Company sank in her silp at the foot of Desbrosses Street. North River to-night after having been in collision with a steam lighter in midstream. Following the craish the capitain of the Baltimore ordered full speed aliend and rushed his boat into the New York silp. The vessel had begun to settle before the last of the 150 passengers and the several teams or board had reacred the landing stage. All got ashore safely, however, and the crew was summoned to the upper deck before the Baltimore finally settled on the bottom.

Mayo Street House Raided. Mayo Street House Raided, A house on Mayo Street, in which both white and negro women congregated, was raided yesterday morning by Officer Betton and Captain Whitlock, of the First District. Two white women, two negro women and a negro man were arrested and locked up. The white women are Pearl Moyers and Annie Bell, and the negro women gave their names as Mary Cross and Sadie Hobson.

Captain Whitlock and his men of the First District are waghing a war against all disorderly houses in the vicinity of Mayo Street, and more arrests and raids are expected to follow close on the heets of this one.

DAMAGING FIRES.

Stable and Storage-House Destroyed-Kitchen Burned.

Fire yesterday afternoon destroyed the stable and storage house of Mr. R. D. Johnson, at Nos. 1101 and 1103 Chaffin

Johnson, at Nos. 1101 and 1103 Chaffin Street.

The alarm was sent in from box 55 at 2 o'clock, and steamers Nos. 6 and 10 and truck No. 3 responded promptly. By very hard work the firemen saved the adjoining buildings.

Many horses and mules were in the stable at the time of the fire, but were gotten out without being injured.

The origin of the blaze is unknown. The loss will amount to considerably more than a thousand dollars.

Fire in the kitchen of the residence of Mr. George Roane, of No. 2216 Floyd Avenue, resulted in a damage of about \$500.

\$500.
The alarm came in at 10:30 g'clock from box No. 349, and engines Nos. 6 and 10 and No. 3 truck went to the scene.

The house is one square outside of the efty limits, and, it was necessary to stretch a long line of hose to reach the

flamen

PE-RU-NA WORKED SIMPLY MARVELOUS."

Suffered Severely With Headaches-Unable to Work.

Miss Lucy V. McGivney, 452 3rd Aveal Brooklyn, N. Y., writes:

"For many months I suffered severely from headaches and pains in the side and back, sometimes being unable to attend to my daily work.

"I am better now, thanks to Perusant and an assertive as ever, and

na, and am as active as ever, and have no more headaches. "The way Peruna worked in my

ase was simply marvelous."

was simply marvelous."

We have in our files many grateful lefters from women who have suffered with the symptoms named above. Lack of space prevents our giving more than one testimonial here.

It is impossible to even approximate the great amount of suffering which Peruna has relieved, or the number of women who have been restored to health and strength by its faithful use.

Parvised Econymia.

Revised Formula.

"For a number of years requests have come to me from a multitude of grataful friends, urging that Peruna be given a slight haxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel gratified to announce to the friends of Peruna that I have incorporated such a quality in the medicine which, in my opinion, can only enhance its well-known beneficial character.

SEVERAL PEOPLE INJURED IN A RAILWAY CRASH

(By Associated Press.)
BUPPALC, N. Y. May B.—A Wabash
passenger train running over the tracks
of the New York Central within the city
limits, ran off an open switch to-day,
The engine and three of the coaches were
wrecked.
James Howe of Buffalo, engineer of the
train, was killed, and several persons
were injured.

Letter to J. A. Heisler,
Richmond, Va.
Dear Str: Saved \$80; might have been

\$90.

Mr. C. L. Frost, bunder, Portland, Me, built three houses in Deering, a suburb of Portland, exactly alike. Painted two-lead-and-oil for \$155 each, for paint and labor.

lead-and-oil for \$155 each, for paint and labor.

The third house, he painted Devoc at a cost of \$125. (To be continued.)

The rest of the story ought to be told a half-dozen years hence.

It will be; two houses rusty; one in good condition.

He didn't believe in Devoc. Our agents got him into it. Ask him now-enclose a stamp.

Yours truly
